

GUIA DE CONFIGURACION DE GOOGLE (TWILIO)

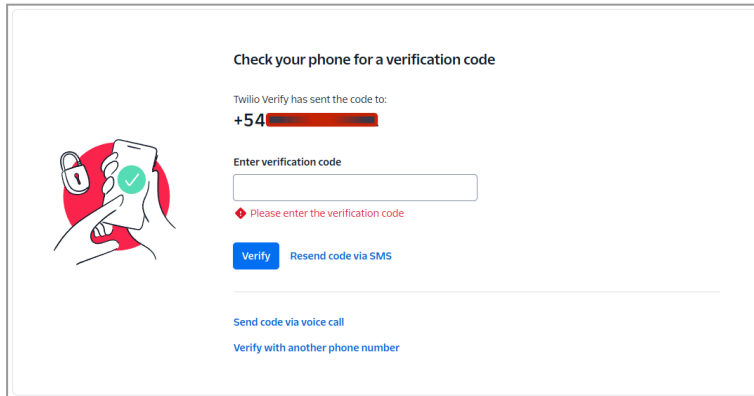

1. Accede al siguiente link desde tu navegador para registrarte haciendo clic en el vínculo "Sign up": <https://www.twilio.com/login>

The image shows the Twilio login page. At the top is the Twilio logo, which consists of a red circle with four dots inside, followed by the word "twilio" in red. Below the logo is the text "Log in" in a dark grey font. Underneath is a white rectangular input field with the placeholder text "Email address". Below the input field is a solid blue rectangular button with the word "Continue" in white. At the bottom of the page, there is a link that says "Don't have an account? Sign up." where "Sign up." is in blue and underlined.

2. Regístrate con tu cuenta de Google o con algún otro método que prefieras
3. Luego, ingresa tu número telefónico y hace clic en el botón "Send code via SMS"

The image shows the Twilio phone verification page. On the left is an illustration of a hand holding a smartphone with a green checkmark on the screen. To the right of the illustration, the text reads "We'll also need to verify your phone number". Below this are three bullet points: "So you can hit the ground running and start using our Twilio services.", "To verify you during log in through two-factor authentication (2FA).", and "To help us mitigate fraud and abuse." Below the bullet points are two input fields: "Country" with a dropdown menu showing "+54 Argentina" and "Phone Number" with a text input field. Below the "Phone Number" field is a red error message that says "Enter a phone number to receive the code". At the bottom are two buttons: "Send code via SMS" (blue) and "Send code via voice call" (grey).

4. Te va a llegar un mensaje SMS con el código. Ingresa el mismo y haz clic en el botón “Verify”.

Check your phone for a verification code

Twilio Verify has sent the code to:
+54 [redacted]

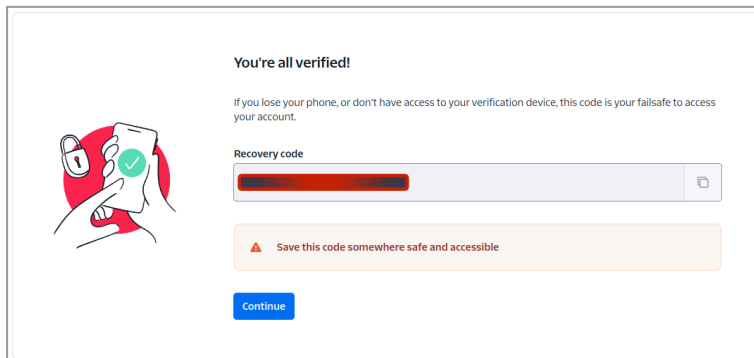

Enter verification code

⚠ Please enter the verification code

[Verify](#) [Resend code via SMS](#)

[Send code via voice call](#)
[Verify with another phone number](#)

5. Seguidamente, se mostrará una clave. Haz clic en el botón “Continue”.

You're all verified!

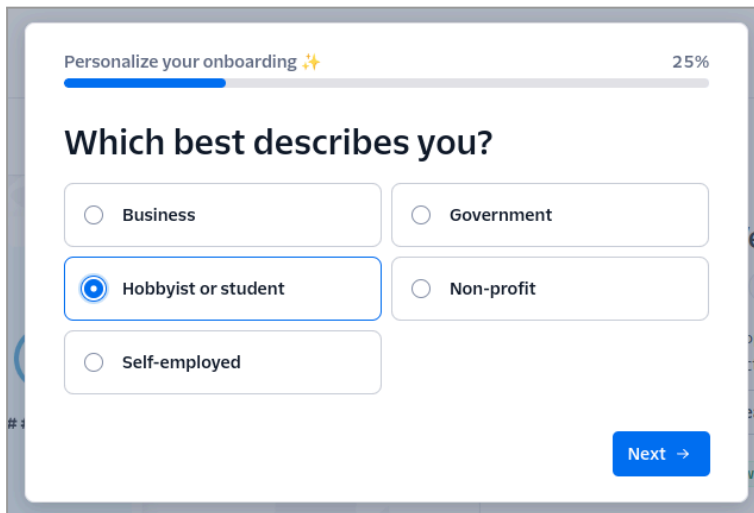

If you lose your phone, or don't have access to your verification device, this code is your failsafe to access your account.

Recovery code

⚠ Save this code somewhere safe and accessible

[Continue](#)

6. Si por casualidad, se generó algún error... Cierra la página y vuelve a abrirla.
7. Posteriormente, se abrirá el dashboard de Twilio con el siguiente modal en donde tienes que seleccionar la opción “Hobbyist or student” y haz clic en el botón “Next”.

Personalize your onboarding ✨ 25%

Which best describes you?

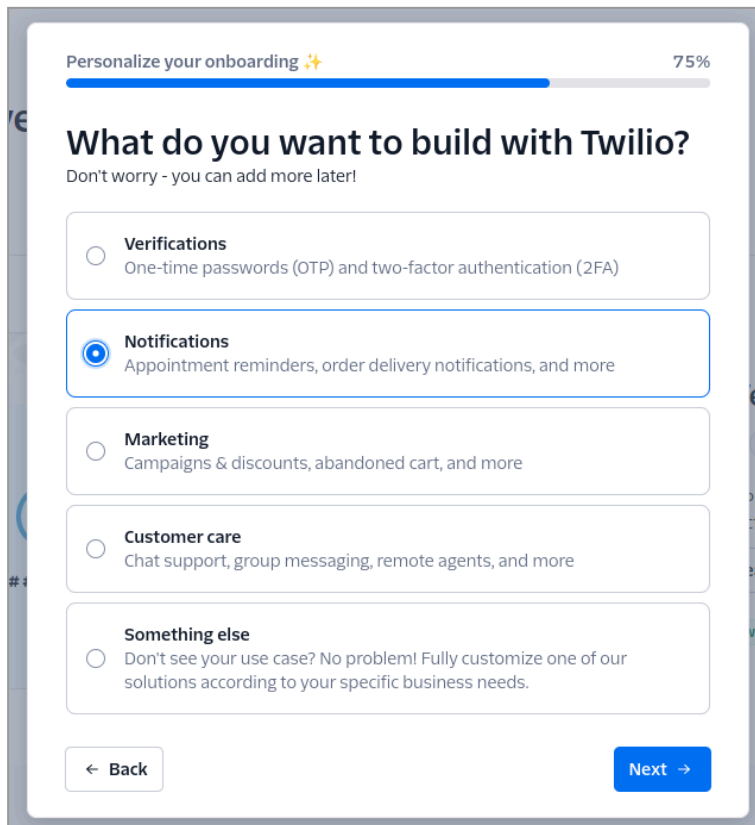

☐ Business ☐ Government

☒ Hobbyist or student ☐ Non-profit

☐ Self-employed
